LAYMEN'S AUGUST FOCUS: BACK TO SCHOOL

Tips from healthparkpediatrics.com
Compiled by Carl Harper

With the ongoing coronavirus pandemic, the school year is probably going to look a lot different this year than it has in the past. However, there are some things you can do for back-to-school prep that will help you get ready for any scenario.

Back to School Prep Checklist

1. Know Your State & School District's Action Plan
Make sure you stay up to date on your state and school district's plan for the new school year.

2. Make Sure Kids Know Safety Guidelines

3. Check-In with The Pediatrician
Before your child returns to school, talk to their pediatrician to make sure they are up to date with their:
- *Vaccinations*
- *Yearly eye exams*
- *School sports physicals*

4. Pick Up Supplies
Make sure your child has everything they need to succeed in the upcoming year. Some things you'll want to make sure your kids have (depending on their supply list):
- *Pencils, pens, markers, crayons, etc.*
- *Notebooks, folders & binders*
- *Classroom supplies (tissues, paper towels, hand sanitizer, etc.)*
- *The right size backpacks*

5. Start the School Routine Early

6. Set Up a Study Spot
During the school year, it's good for your child to have a designated study area. It should be somewhere with a good work surface that can accommodate books and computers.

7. Be Prepared to Go Virtual
